

Fil Campbell, Brendan Emmett, Tom McFarland - Stage Plan.

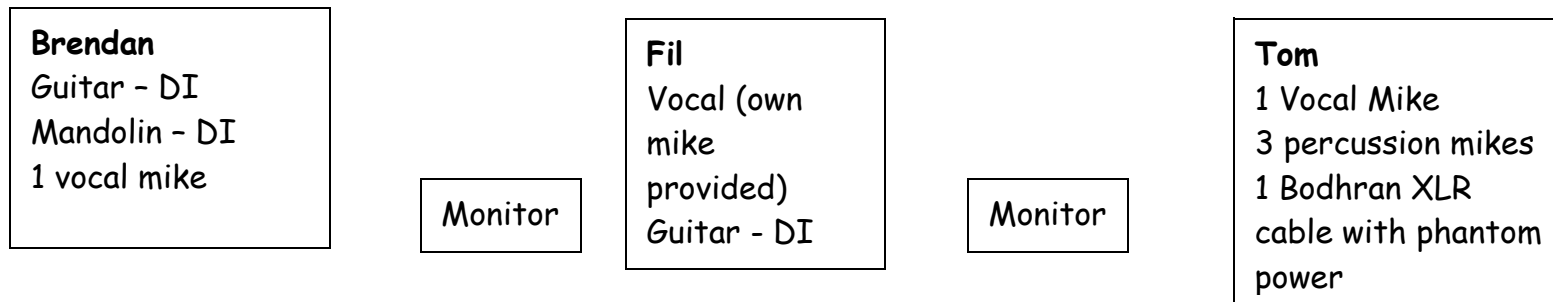

In theatre venues, or venues with a suitable height on stage, we have backdrops to use as below.

Backdrop - 5 gauze panels 16 foot x 4 foot - painted blue and green - ideally hanging free with a fan but otherwise hanging on whatever is available.

Lights - need general wash for backdrops to liven them. And general lighting on stage. No need for any changes during performance.

Performance = 2 x 50minutes plus encore or as arranged.

BACKDROP

If

possible 3 monitors, but 2 will suffice.
