

With the increasingly diverse revenue streams that are available to public sector organisations, today's modern institution relies on timely and accurate financial information and controls.

Tribal Managed Services can help you improve the financial management and accounting of your organisation through short-term consultancy, interim and project management, mentoring and long-term management of your finance function.

Benefits to your organisation

- More potential for increased funding
- Enhanced financial controls and audit procedures
- Support for organisations in financial recovery
- More cost-effective procurement procedures
- Improved investment management

Why Tribal Managed Services?

By working in partnership with the Tribal Managed Services team, you can access expertise gained from our work with 95% of colleges and 50% of local education authorities across the UK. We offer:

- An established track record of delivering financial systems, consultancy and managed services
- Access to a breadth of expertise from professionals experienced in financial management, benchmarking and auditing
- Risk-reward contract agreements where remuneration is directly linked to service levels
- Proven methodologies for service delivery and support
- Quality assured services to the TickIT (ISO9001) standard

“The Tribal managed service brings a range of expertise that a medium-sized college could not normally attract or afford.”

Keith Norris, Principal, Burton College

Our services

Consultancy

Tribal Managed Services offers specialist consultancy from a team of professionals experienced in working for and with organisations in the public sector. We offer short and long-term consultancy services covering the following areas:

- Strategic and operational reviews
- Strategy development

- Course costing & pricing advice for learning providers
- Financial bids and funding tender preparation
- Funding mechanisms
- Contract and supplier management
- Investment management
- Merger feasibility studies
- Due diligence
- Accommodation strategies
- General advice on finance matters

Management support

A managed service enables you to concentrate on core business, leaving financial management to dedicated professionals whilst still retaining key in-house staff. Tribal Managed Services can deliver a range of service models from full on-site management of your Finance function, to interim management or mentoring support for an existing team. Our Finance service can provide support in the following areas:

Strategic management

- Financial plans, forecasts and budget preparation
- Strategic development of finance function
- Strategic planning for colleges in recovery
- Merger assessments
- Accommodation strategies
- Capital projects

Operational management

- Finance staff management
- Accounting procedures
- Payroll and staff payments
- Banking and insurance arrangements
- Financial regulations & procedures
- Budgeting monitoring and forecasting
- Accounts preparation
- External and internal auditor management
- Financial benchmarking
- Contract management
- Financial bid and funding claims preparation

Project management

To ensure the success of financial management projects, you can draw on dedicated expertise from Tribal Managed Services to plan and manage projects on a day-to-day basis. The types of project undertaken may include the management of a recovery plan, the implementation of a new financial system or the establishment of new business processes or staffing structures.
