New Races

As promised earlier this season a new event has been planned to offer an opportunity for younger runners to have a go at fell running. In this event no senior runner can enter unless they are teamed up with an Under 16 runner. (No junior can run without a Senior either). The combined ages of the runners will be taken into account for the prizes.

The course will be around the skyline of the Inwood. Therefore a new course has been designed with more Downhill than uphill! Could this catch on I wonder?

Venue: GOGBATCH

Date: 3rd September 2008-08

Time: 19.00 hours

Autumn relays

Following the success of the February relay for Shropshire clubs, there will be a second event held around the Inwood Batch. As this will be the last race before the Winter Series commence, it is all for fun and should provide a different perspective to to the entertainment.

Please encourage lots of support.
