

# **WHY PAY HIGH STREET & INTERNET PRICES**

**SAVE £ £ £ £ £ £ £ £ £ £**

Can I introduce you to M J P Sports.

I am based in Whitstable and specialise in supplying sportswear and equipment from a range of over 25 different sports at prices you will find extremely competitive. Since inception some three years ago I have built a reputation for reliability, quality and value for money.

The uhlsport and Precision Training range of football kit and accessories is the backbone of the business, with six designs of shirts, five of shorts and five of socks making around 34000 different combinations available in every size, which means your juniors, youths and seniors can share the same look. The full range of Mitre footballs, training kit, training equipment, goal nets, goal posts, first aid kits and many accessories gives you access to a full range of products from one location.

I can offer all after manufacturers services including embroidery and screen printing which enhance every garment specifically to your own design, thus creating a unique professional image for your club.

Make your budgets work for you and give me the opportunity to quote for your next order.

A full catalogue and price list is available on request on cd rom and I am happy to discuss any requirements you may have. All prices are fully inclusive with the exception of delivery charges where appropriate and these will be applied at cost.
