

MK KIDS WITH DIABETES

Minutes of meeting held on 18th February 2003

1. Leaflet

Nigel has designed a very good leaflet, please make comments on them and return in time for the next meeting.

2. Useful Address

The address for the Juvenile Diabetes Research is:

19 Angel Gate
City Road
London EC1V 2PT

Tel: 02077 132030

3. Glucometer Watch

Alison bought one of these for their holiday, but found it didn't suit their needs well. They found complications with it, for example it came off in the night, it didn't record blood glucose levels well when William was active and sweating, also it was larger than expected. It seems that it would perhaps suite an adult better.

4. Bank Account

Nigel, Alistair and Alison will open an account. Alison will phone to make an appointment.

5. Brewsters

The meal at Brewsters, Kingston was enjoyed by those present, the next meeting for dinner will be on:

Saturday 8th March at 3 pm

and subsequently on the second Saturday of each month.

6. Dietician

Sarah has contacted Wendy Scott one of the Senior Dieticians, asking if she would come along to one of our meetings, but as yet has had not reply.

7. Next meeting

Thursday 20th March 2003 7.30 pm at The Windmill, Caldecotte
