Hello Everyone

Thank you to the 'hard core' of Slubbers attendees for coming up with another interesting meets list for this month. I have been asked to point out one or two things up and coming over the next couple of months.

Bob Hedley is arranging a weekend away for the 8th/9th July a campsite weekend near Pateley Bridge that's all I know for now but will send further details as soon as they are available.

Another weekend possibly in Wales at the beginning of August has been talked about and could evolve further over the coming weeks again more info as & when available.

It has been decided not to ride this Saturday as we will all be watching the football-won't we?

There are details are on our website about entry for the Sunday challenges this weekend and next.

Mike has offered to lead, coax, persuade or frog march us round the Mary Townley Loop circuit on the 1st July which is a Saturday. This is a 48 mile ride (Julian don't take that as a challenge to beat the distance with your next ride please- we haven't recovered from last week yet!) It will however be an early start and is subject to weather conditions. Mike will decide on this and may lead us a different merry dance if necessary.

Finally the people who regularly do the Wednesday rides in the summer have asked me to say that contrary to popular belief they are not fast and furious rides or too far. Anyone who wants a mid-week ride just ring the ride leader and go along and join them.

**I think that's all but I'm sure I will be told if I've missed anything.
Jules**
