

Welcome to our 2002 Special. The Sea Area Special.

Weather forecasts to shipping using coastal waters around the UK and parts of Europe, are based on pre-defined Sea Areas and have been broadcast from Commercial and Domestic Radio Stations on a regular basis since 1924. These Sea areas form the basis of our 2002 Special.

Each one found, excluding DUPES, is worth 2 points. Dupes are worth 1pt. Wild Cards may not be used in the DUPE section. You may use 3 only Wild Cards if you wish. Completed Worksheets are worth 100 points. Good Luck!
