# My Fair Lady

Adapted from George Bernard Shaw's play, "Pygmalion".....  
Professor Henry Higgins sets out to prove that by teaching a common flower girl, Eliza Doolittle the daughter of a dustman, to speak properly, he can then pass her off as a true English aristocrat.

Eventually the arrogant Professor succeeds in producing an elegant debutante - but then realizes that he has '*Grown Accustomed to Her Face*', and cannot do without her!
